If the **Fault** or **Emergency** cannot be fixed remotely, and **you** are left without **Heating**, **we** may need to come to **your home** to address the **Fault** or **Emergency**. **Our** timescales for responding to a **Fault** or **Emergency** are set out in Schedule 1.
- 11.4 If there is a failure of the **Network**, **you** may be required to activate the back-up function on **your Heat Pump** to provide **you** with **Heating** until the **Fault** or **Emergency** concerning the **Network** is resolved.
- 11.5 In each case, **we** will use reasonable efforts to attend **your home** and repair the **Fault** or **Emergency**. However, if **we** need a part to repair the **Fault** or **Emergency**, and that part is not available at the time **we** come to **your home**, **we** will arrange a future visit at an agreed time once **we** have the part **we** need.

Agreeing an attendance time

- 11.6 Where **we** need to undertake routine inspections, maintenance, repairs or replacement at **your home**, **we** will give **you** at least seven (7) days' notice of any such visit and will try to arrange the visit at a mutually convenient time. **We** will aim to provide **you** with a maximum four (4) hour time window for attending **your home** on the agreed day. **You** must provide **us** with access to **your home** during this time window.
- 11.7 Where **you** report a problem, **Fault** or **Emergency** concerning **your Ambient Energy**, **we** will agree a four (4) hour time window (within the response timescales set out in Schedule 1) for attending **your home**. **You** must provide **us** with access to **your home** during this agreed time window.
- 11.8 **We** will be unable to keep to the response times above if **you** do not let **us** into **your home** to solve the problem.

Your responsibilities

- 11.9 **You** must make sure that **your Equipment** is kept in good working order and maintained, repaired and, where necessary, replaced in line with manufacturer's instructions. **You** shall contact **us** via one of the methods set out on **our** website (www.lmheat.co.uk/contact) and obtain **our** prior written consent for any proposed significant change to such equipment or any alterations to such equipment or anything else that could affect the **Network** or impact the supply of **Ambient Energy**.
- 11.10 **We** are not liable for the cost of replacement or repairs in relation to **your Equipment** as described in clause 11.9 above or for any failure of or problems with such equipment, unless the problem or failure has been caused by **us** or by the **Network**.
- 11.11 If the state of **your Equipment** is causing problems, or **we** believe that it is likely to cause problems to the **Network**, **we** may disconnect the supply of **Ambient Energy** until **you** repair or replace the relevant equipment to ensure there is no further impact on the **Network**.
- 11.12 **You** must not (and must not allow any other person living with, or visiting **your home**, or any tenant of **yours** to):
- (a) tamper with, cause damage, interruption, discontinuance or reduction in operation to the **Network** including, for example, through vandalism, misuse or interference; or
 - (b) carry out any work to **your home** or to **your Equipment**, or misuse **your Equipment** or fail to maintain or repair such equipment so that it causes any damage, interruption, discontinuance or reduction in operation to the **Network**.

If **you** do so, or allow any other person living in or visiting **your home** to do so, **you** must pay **our** costs of undertaking any necessary repairs, replacements or maintenance to the **Network** arising from such damage or impacts on operation.

- 11.13 **You** must tell **us** immediately if **you** know or believe that any part of the **Network** is damaged or destroyed.
- 11.14 **We** will not carry out any repairs or maintenance in **your home** if **we** have good reason to believe that there is a health and safety risk, including the risk from dangerous materials, infestations or harassment to **our** staff (including any verbal or physical abuse or threat of physical abuse).
- 11.15 **You** can ask **us** to disconnect **your Ambient Energy** temporarily, for instance while building work is going on provided that **you** pay **us** all costs **we** incur in doing so.
- 11.16 **You** agree that **we** can collect information about how **your Heat Pump** is working in order to assist with the operation and maintenance of **our Network**, or to improve **our Network's** performance. **We** will only use the information **we** collect from your **Heat Pump** in line with our **Privacy Policy**. For the avoidance of doubt, this does not give **us** any right to control **your Heat Pump**.

12 ACCESS, EMERGENCIES AND PLANNED MAINTENANCE

12.1 **You** must give **us** and **our** officers and agents safe access to **your home**, at all reasonable times, for the purposes of:

- (a) inspecting, repairing, replacing, installing, removing, testing, maintaining, or carrying out other activities relating to the **Network**;
- (b) disconnecting or reconnecting the **Ambient Energy** in the circumstances allowed under this **Contract**;
- (c) terminating this **Contract**;
- (d) in an **Emergency**, or to mitigate any danger **we** reasonably believe exists to people or property in relation to the **Network**.

Anyone visiting **your home** for the purposes above will carry an ID card which includes a colour photograph, their name and contact details **you** can use to check their identity.

12.2 Except in an **Emergency**, or if a **Fault** has occurred, or where **we** reasonably believe there is a danger to people or a danger to property, or where **we** are required by **Law**, or this **Contract** obliges **us** to obtain access sooner, **we** will endeavour to give **you** at least:

- (a) seven (7) days' notice in respect of planned routine maintenance;
- (b) 72 hours' notice in all other circumstances

before **we** need access to **your home**.

12.3 If **we** agree and confirm a time with **you** for **us** to visit **your home** for any purpose relating to this **Contract**, and:

- (a) **you** do not give **us** access at the agreed time (or rearrange with **us** a different time giving **us** at least four (4) hours notice); and
- (b) **we** can evidence that **we** could not gain access (e.g. a time stamped photograph of the front of the property and a call logged that **you** were called at the agreed and confirmed time of the appointment);

an "**Abortive Visit**" will have occurred.

12.4 Where **we** make more than one **Abortive Visit** to **your home** in respect of the same issue, **you**

will have to pay **us** an **Abortive Call-Out Charge** for the second and each subsequent **Abortive Visit** and any direct and reasonable additional costs that **we** incur in carrying out any necessary work without access to **your home**.

- 12.5 If **we** can't get access to **your home** when arranged with **you** or as **we** are otherwise entitled under this **Contract** and this prevents **us** from fixing any interruption or reduction in **your Ambient Energy**, **we** will not be obliged to provide **you** with the supply of **Ambient Energy** until **you** have provided **us** with access to **your home** to allow **us** to fix the problem. **We** will not be liable for a **Service Failure Credit** in relation to any such period of interruption or reduction until **you** have provided **us** with sufficient access to **your home** to allow **us** to fix the problem.
- 12.6 By entering into this **Contract**, **you** agree to give **us** consent to access **your home** at all reasonable times if **we** have reasonable grounds for suspecting that **you** are taking a supply of **Ambient Energy** in a manner contrary to or in breach of the terms of this **Contract**.

13 ENDING THIS CONTRACT

PLEASE BE AWARE that unless **you** end this **Contract** or **we** end this **Contract** following the process set out under this clause 13, or **you** let out **your home** and follow the process set out under clause 19, **you** will still be liable for **our Charges** even if **you** do not live in **your home**.

Your right to end this Contract

- 13.1 Subject to clauses 13.2, 13.4 and 14.1 this **Contract** shall end on the date **you** are no longer responsible for **your home**. **You** shall give **us** at least two (2) working days' written notice in advance of such termination via the moving home form on **our** website (www.lmheat.co.uk/moving) or by writing to **us** at the address published on **our** website from time to time or such other address as is notified to **you** in writing.
- 13.2 If **you** are moving out of **your home**, **you** must provide **your** forwarding address to **us**, in order for **us** to send **you** your final **Ambient Energy Bill**. Even after ending this **Contract**, **you** must still pay all **Charges** that **you** owe. **We** will provide **you** with a final **Ambient Energy Bill** within fourteen (14) days of **you** notifying **us** that **you** are moving out of **your home**.
- 13.3 If **you** remain the lawful owner of **your home** and let, sub-let or lease **your home** in accordance with clause 19, then **you** shall comply with the requirements in clause 19.7. **You** shall remain liable for all **Charges** arising under this **Contract** if **your home** is not occupied for any period of time.
- 13.4 If **you** do not give the necessary notice under clauses 13.1, 13.2 and/or 13.3, **you** will remain liable for all **Charges** arising under this **Contract** until the date on which **Ambient Energy** is supplied to **your home** by **us** under a supply contract with a person other than **you**. Any amounts due to **us** by **you** for the relevant period will be pursued through a debt collection agency. This may affect **your** credit rating.

Our right to end this Contract

- 13.5 **We** may end this **Contract**, without any liability to **you** (except as set out in clause 14.1) by providing **you** with five (5) days written notice if:
- you** or anyone living in or visiting **your home** has taken the **Ambient Energy** without **our** permission or in a way designed to avoid paying for it and will **Charge you** the relevant Charge for the **Ambient Energy**;
 - there is a problem with **your Equipment** (as described in clause 11.11 above) which is causing damage to or seriously affecting the **Network** and **you** have not resolved the problem after three (3) months' notice from **us** of the problem;

- (c) circumstances as set out in clause 15 mean that **we** cannot provide a supply of **Ambient Energy to you** under this **Contract**;
- (d) **our** right to use the **Network** and to make **Ambient Energy** available to **your home** ends or is terminated; or
- (e) **we** have disconnected **your Ambient Energy**, as set out in clause 9.11;

14 CONSEQUENCES OF ENDING THIS CONTRACT

- 14.1 **You** must pay all relevant **Charges** up to the date this **Contract** ends. After this **Contract** ends, **you** will still be liable for **your** previous breaches of this **Contract** (for example, non-payment) and **we** will still be liable for any previous breaches of this **Contract** by **us** (for example, failure to meet the **Service Levels**).
- 14.2 If **we** give **you** notice that **we** are going to disconnect **your Ambient Energy** in accordance with the terms of this **Contract**, or if **you** or **we** end this **Contract**, **you** must give **us** access to **your home**, at a reasonable time, and when reasonably required by **us** in connection with the same so as to reconfigure the **Network** or any of **our** equipment (including fitting anti-tamper equipment) or any other equipment as reasonably required (with the consent of **your** landlord if applicable). **You** must not reconnect or attempt to reconnect the **Heat Pump** to the **Network** and / or attempt to access **Ambient Energy** without **our** permission or interfere with any of **our** equipment (including anti-tamper equipment).
- 14.3 If **you** continue living in **your home** and take **Ambient Energy** after this **Contract** has ended or was intended to end, or allow anyone else to do so, **you** will have to pay **us** for the same at a price **we** will tell **you** and this **Contract** will be deemed to still apply. That price will take account of any extra costs arising as a result of **you** taking the **Ambient Energy** at **your home** after this **Contract** has ended or was intended to end.
- 14.4 The expiry or termination of this **Contract** will not affect the accrued rights of either **you** or **us** before any expiry or termination.

15 EVENTS BEYOND OUR OR YOUR CONTROL

- 15.1 Subject always to **our** rights set out in clause 11.5, neither **you** nor **we** will be liable for failing to comply with the obligations set out under this **Contract** as a result of (and **we** will have no liability to **you** for any **Service Failure** which results from) any of the following events or situations, as long as **we** are not the cause of the situation and have taken reasonable steps to prevent or reduce the impact of the event or situation:
 - (a) strikes or other industrial action, but not those involving **our** employees or anyone acting on **our** behalf unless the action is nationwide or industry-wide;

 - (f) any other exceptional circumstances beyond **our** control.
- 15.2 If **you** (or **we**) are having difficulties in complying with this **Contract** as a result of an event or situation listed above, **you** (or **we**) must tell the other within two (2) days of the event or situation arising. **Your** (or **our**) obligations under this **Contract** will be suspended until the problem is solved, with the exception of a situation under clause 15.1(c) where **your** obligations

will not be suspended.

Fraud and theft of Ambient Energy

- 18.6 **We** may give details of **your** account to licensed credit reference and fraud prevention agencies which will use the information to check public and other databases they hold and may provide information to **us** to help identify fraud and any use of the **Ambient Energy** which is not in accordance with this **Contract**. Checks may be performed by **us** on a regular basis whilst **you** hold an account with **us** with these agencies and they will retain a copy of the search. Information from **your** application and payment details of **your** account may be recorded by these agencies and may be shared with other organisations to help make credit and insurance decisions about **you** and members of **your** household and/or for debt collection and fraud prevention purposes. 19 LETTING OUT YOUR HOME

- 19.1 **You** must not let, sub-let or lease **your home** without informing **us** of your intention to let, sub-let or lease **your home**. **You** shall notify **us** via **our** website at: www.lmheat.co.uk.

- 19.3 If **you** let out **your home**, **we** will on **your** request, enter into a new contract with **your** tenant. **You** must advise **your** tenant of the transfer of responsibility to them to pay for the **Ambient Energy** and **we** would advise that **you** cover this in **your** tenancy agreement with them.
- 19.4 Where **you** notify **us** that **your** tenant will become responsible for the **Ambient Energy**, the following will apply:
- (a) the form of contract **we** enter into with **your** tenant will be in the same form as this **Contract**;
 - (b) this **Contract** between **you** and **us** will automatically be suspended, with the exception of clauses 11, 19 and Schedule 2 which will remain in force, from the date the new contract with **your** tenant starts. While this **Contract** is suspended, **your** and **our** obligations under it, including **your** obligation to pay **our Charges** for **Ambient Energy** provided after the date of the suspension, will not apply. This will not affect any liabilities **you** or **we** already had before the date this **Contract** was suspended; and

- 19.5 If the new tenant does not register their details with **us**, all **Charges** will be payable by **you**. Where the new tenant has registered their details with **us**, the **Charges** will be paid by the new tenant from the date they moved into **your home**.

19.11 If **you** sub-let **your home** and **you** remain in **your home**, the **Ambient Energy** account shall remain in **your** name and **you** will pay the applicable **Charges** accordingly, unless **your** tenant registers their details with **us**.

20 GENERAL

20.1 **We** may assign, novate, transfer or deal in any other manner any and all of **our** rights and/or obligations under this **Contract** without **your** prior written consent.

20.2 **We** may subcontract any of **our** obligations under this **Contract** at any time, provided that any agent attending **your home** will be clearly identified as **our** agent. If **we** deliver notices by hand, **we** will consider them to have been received by **you** when **we** deliver them.

20.5 If **we** ever do not enforce, or delay in enforcing, any right **we** have under this **Contract**, this will not prevent **us** from enforcing **our** rights in the future. For example, if **we** do not immediately take action to collect **Charges** that **you** owe **us**, this will not prevent **us** from taking action in the future.

20.6 If more than one person is named on the account, then each account holder is responsible for payment of the **Charges** and **we** are entitled to claim unpaid **Charges** due to **us** from one or all of the account holders, provided that **we** may not recover more than **we** are owed under this **Contract**.

20.7 This **Contract** includes everything agreed between **you** and **us** and replaces any previous contract, whether in writing or not. **You** and **we** have not relied on anything that is not included in this **Contract**.

20.9 Each of the terms and conditions of this **Contract** is separate. If a court or other authority finds that **you** or **we** cannot rely on a certain clause, the other clauses of this **Contract** will still apply.

20.10 Ending this **Contract** will not affect any clause which is intended to apply after the end of this **Contract**.

20.11 **We** may (acting reasonably and fairly) change the terms of this **Contract** at any time, including situations where **we** may need to change it to comply with **Heat Trust** requirements or a **Change in Law** in which case clause 3.5 applies. **We** will inform **you** of any other changes and the latest copy of **our Terms and Conditions of Supply** will be available on **our** website (www.lmheat.co.uk/terms-and-conditions).

20.12 Subject always to clause 20.14, if **you** consider that any change **we** make to this **Contract** is unreasonable, **you** may refer the issue to the **Ombudsman**, giving details of the change and **your** concerns. Subject to any changes that **we** are required to make due to any changes in **Law**

or regulation, if the **Ombudsman** advises that the changes are unreasonable, **we** will reinstate as far as legally permissible, this **Contract** to its original terms as existing prior to the change in question.

20.13 **We** will ensure that this **Contract** will be updated and amended to reflect any best practice commonly found in the United Kingdom's heat networks industry sector and will be updated, subject to clause 20.11, to reflect any consumer protection standards that are introduced during the life of this **Contract**.

20.14 This **Contract** is governed by and will be interpreted in accordance with the **Laws** of England, and both **you** and **we** agree to accept the exclusive jurisdiction and decisions of the English courts.

21.4 If **you** are repeatedly abusive, threaten violence or harass someone based on a protected characteristic, as set out in the Equality Act 2010, **we** can block **your** phone number, report the behaviour to the police or take legal action.
